

# interview

You just rated the usefulness of each visualization encoding and display condition for each task. I would like to collect some explanations.

1. **1. Magnitude:**

What is the magnitude of point A?

2. **Linear**

3. **Logarithm**

4. **Split Vector**

5. Text

.....

.....

.....

.....

.....

6. Mono

.....

.....

.....

.....

.....

7. Stereo

.....

.....

.....

.....

.....

8. 2. Find Difference:

What is the ratio between the vectors at points A and B?

.....

.....

.....

.....

.....

9. Linear

.....

.....

.....

.....

.....

10. **Logarithm**

.....

.....

.....

.....

.....

11. **Split Vector**

.....

.....

.....

.....

.....

12. **Text**

.....

.....

.....

.....

.....

13. **Mono**

.....

.....

.....

.....

.....

14. **Stereo**

.....

.....

.....

.....

.....

15. **3. Magnitude Comparison:**

Which magnitude is larger, point A or point B?

.....

.....

.....

.....

.....

16. **Linear**

.....

.....

.....

.....

.....

17. **Logarithm**

.....

.....

.....

.....

.....

18. **Split Vector**

.....

.....

.....

.....

.....

19. **Text**

.....

.....

.....

.....

.....

20. Mono

.....

.....

.....

.....

.....

21. Stereo

.....

.....

.....

.....
